

Overseas Buyers Program

DIE & MOULD CHINA

11 – 15 June, 2019 | Shanghai

Gateway to China's Die & Mould Industry

www.diemouldchina.com | www.dmexpo.com

ABOUT DMC

The **DIE & MOULD CHINA** is one of the world's largest and most important mould event focusing on the commercial and technical aspects of the industry.

Every major member of CDMIA is presented, plus the international top-level suppliers of precision machine tools, punching machines, plastic machinery, measuring equipment, cutting tools, design software, automation integration technology and equipment, 3D printing / additive manufacturing and laser processing.

In **2018** the event attracted over:

- **1,159 international, national and local trade exhibitors from 19 countries & regions**
- **97,129 domestic and overseas buyers and visitors from 29 countries & regions**

DMC is the event to learn about the Chinese mould manufacturing level and to establish commercial ties.

Wu Bingshu

Executive President
China D&M Industry Association (CDMIA)

The “automation, information technology, integration, network and intelligence” will be presented in the D&M industry in different ways as the “New Normal, New Development” transformation of the Die & Mould Industry.

FULL RANGE of Die & Mould Products

- Stamping dies
- Plastic moulds
- Casting dies
- Forging moulds
- Casting moulds
- Powder metallurgy moulds
- Glass moulds
- Rubber moulds
- Ceramic moulds
- and others

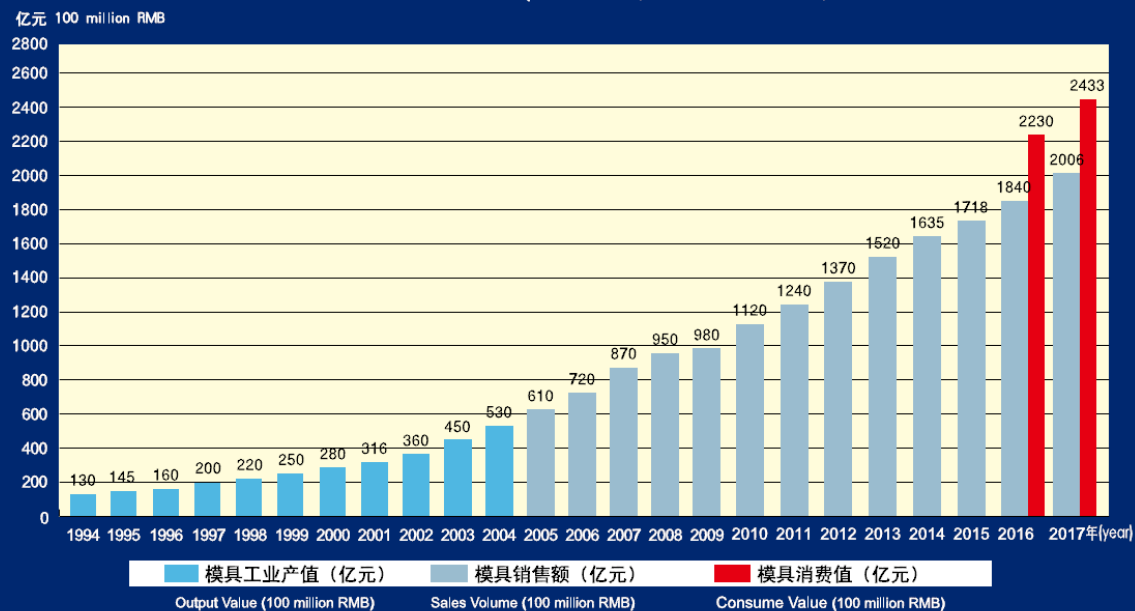

The Overseas Buyer Program is designed to facilitate direct contact between international buyers and exhibitors through pre-scheduled appointments.

This program provides special benefits to decision makers involved in high-volume purchases, who have been pre-qualified by the event organizer.
